DRAWING "A"

The dimensions of the lot or tract of land, the exact location of all existing buildings and structures, distances to property or tract lines, water supply and sewage disposal system are shown on the drawing below. Existing buildings and structures are marked X. Proposed buildings and structures are marked P. Make all measurements carefully.

NOTICE TO APPLICANT: Location of buildings or structures must be staked out on property as shown above. This will be checked before permit is issued. Construction must not be started until permit is issued. No changes in location as shown above may be made without first contacting the Fulton Zoning Department at City Hall.

“CHECK BEFORE YOU DIG”

Call for locations - JULIE of Illinois - 1.800.892.0123

When do you need a building permit?

Building permits are required for all new construction and for remodeling work which changes the size, area, outline, location on lot, height of a structure, yard requirements or use/occupancy of any building. No building permit is required for usual maintenance or repairs, including roofing and siding (Chapter 155.058 through 155.207, Fulton Zoning Ordinance No. 855).

When applying for a building permit, you will need:

- **A sketch of the proposed improvement**

Show the location, dimensions and distances from the property lines and from any existing buildings on your property.

- **A legal description of the property**

A legal description will be needed if the project involves a new house or addition, fence, swimming pools, accessory building, decks, shed, porch, ramp, sign, new commercial building, or new industrial building. This information may be found on the deed or tax papers from Whiteside County.

- **Payment of building permit fees**

These fees are based on the value of the project (See Fee Schedule on page 1).

- **Locate all underground utilities**

Call JULIE at 1-800-892-0123 for assistance.

- **Mark your property**

Stake or mark out the location and size of the project. This will help the Zoning Officer during the pre-construction inspection of the proposed project

General Information on Building Permits

- Construction must be started in 90 days and be completed within 1 year.
- When the project is complete, please call City Hall at 589-2616 for a final inspection.
- No storm water shall be purposely directed onto a neighboring property. Storm water conducted from roofs or other impervious areas shall be dispersed entirely upon the grounds of the owner.
- The property owner is responsible for locating all property lines and is responsible for any errors in calculating lot lines.
- Accessory buildings used as private garages shall not house more than three (3) vehicles.
- No accessory building shall exceed 20' in height.
- No carport should exceed 15' in height.
- No accessory building shall exceed 960 sq. ft. in total size.
- **All structures will require additional inspection prior to pouring concrete to assure proper location and setbacks.**
Commercial/industrial projects must be in compliance with the requirements of ADA.

When in doubt, call City Hall! 815-589-2616

Fee Schedule **If construction has commenced prior to the date of the Building Permit, the below fees shall be doubled.**

Fence/Deck	\$35	\$0-\$18,000	\$45
Sign	\$45	\$18,001-\$500,000	0.25% of total project cost
Variance/Zoning or Special Use Appeals	\$140	\$500,001 and above	\$1250 for 1st \$500,000 plus \$2 per 1000 after
